I. SCOPE OF WORK

Bihar Museum is an experiential museum, with state-of-the-art architecture and technology in Patna, Bihar. Showcasing the rich past of Bihar and incorporating a special space for children within, the Museum is emblematic of fostering an inclusive culture and bringing a global internationalism to a national identity.

The Bihar Museum wishes to initiate a fresh new idea of a Museum Biennale, which will bring together a taster of key collections from the various museums in our country. The idea is to celebrate the wealth and treasures of our country, which form a part of different museum collections, and in addition to learn about India's rich cultural heritage. The Biennale is to be held from 22 to 28, March 2021. On this occasion, the authority of Bihar Museum has decided to make audio-video guide on the signature collection of the museum. This will be available along with the audio guide recording for all virtual visitors even after the launch through the period of the Biennale. We will post it on all social media platforms and the Bihar Museum Website. On the day of the inauguration we will host a dance-drama performance conceptualized around the Didarganj Yakshi by a Patna-based theatre artist which will last 40 minutes.
