1	<p>This in reference to discussions with our team(Quality Maintenance venture limited) during pre-bid tender meeting at Bihar Museum , Patna. We would be grateful if given a Grace of not having ISO certification as mentioned in above tender. Though we are maintaining similar AV system at Convention centre Newtown , Kolkata . Also maintaining AV system of 5 renowned Malls on day today basis . would also like to mention that we were having ISO certification for quality Maintenance Venture limited, but decided not to renew as find no use . Would be thankful for a line of confirmation from your end will enable us to bid for above in time .</p>	<p>Bidders must submit the ISO 9000-2015 certificate as mentioned in the tender document. If any bidder needs time for renewal of the said certificate, they are allowed to submit it before the issue of Letter of Acceptance. They must give undertaking in this regard that "They will submit the valid ISO 9000-2015 certificate before issue of the Letter of Acceptance if they are shortlisted in the tender". They should also attach the attested copy of the old certificate if any.</p>
